Dear Paul,

I am enclosing a reprint of an article in Science on WHO which, I hope, will fill in some of the gaps in your knowledge about the Organization. You might wish to limit your immediate reading to the last two paragraphs and the Addendum, and leave the rest of the article for reference purposes.

I am glad we had the opportunity to discuss the question of the Moratorium. If you think that we might be of some assistance either for the February meeting or afterwards, please let me know and we shall be glad to consider what we can do.

Yours sincerely,

Martin Kaplan
